DETAILED ACTION

In the Preliminary Amendment dated December 15, 2003, Applicant has amended the specification is acknowledged.

Election/Restrictions

In the Response to Restriction Requirement dated August 06, 2004, Applicant has elected Invention of Group I (claims **1-15**) drawn to a device with traverse is acknowledged. Because Applicant did not distinctly and specifically point out the supposed error in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)). Accordingly, claims **16-20** are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 35 § 1.142(b) and MPEP § 821.03. Applicant has the right to file a divisional application covering the subject matter of the non-elected claims **16-20**, drawn to a method.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Art Unit: 2818

This application is in condition for allowance except for the presence of claims **16-20** non-elected without traverse. Accordingly, claims **16-20** have been canceled.

Allowable Subject Matter

Claims **1-15** are allowed.

The following is an examiner's statement of reason for allowance: The prior art of record fails to teach or suggest the limitation recited a magnetic random access memory wherein the free layer is curved with respect to said hard axis and the free layer is substantially straight with respect to said easy axis as claimed in independent claim **1**; and an information processing system comprises a magnetic random-access memory having a magnetic region wherein the magnetic region is substantially curved with respect to the hard axis and substantially straight with respect to said easy axis as claimed in independent claim **10**.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
